Teachers To Convene In Chicago

Pupils at the Holland and Zeeland Christian Schools will be home Thursday and Friday while their teachers attend the annual convention of the Midwest Christian Teachers' Association at the Sherman House in Chicago. Nearly 1,300 teachers and school administrators from Michigan, Illinois, Indiana, Ohio and Wisconsin will attend this convention.

Holland and Zeeland area teachers who have a special part in the convention include Elmer Ribbens who will speak on physical education in the schools, Supt. Mark Vander Ark, John Naber and Dale Topp who will serve as sectional chairmen, and Arthur Wyma, president-elect. Sam Greydanus is a nominee for the office of vice-president, and Mrs. Joyce Wyma is the corresponding secretary of the association.

The convention will be called to order by President Michael Rutter, assistant principal of the Grand Rapids Christian High School at 9:30 on Thursday morning for the opening convocation. Dr. Calvin Seerveld, professor of Philosophy at Trinity Christian College, will be the keynote speaker and will speak on the topic "In Quest of Excellence."

Following the general convocation, the teachers will attend various sectionals for the remainder of the day. These sectionals include meetings on such topics as "Teaching Christian Ethics," "Teaching with Airborne Television," "The Role of Education in International Affairs," "Intellectual Growth Patterns of Children," and "How and Why Communism Should Be Taught" and will feature Dr. Douglas Bockman, Prof. Lester De Koster, and Mrs. Clifford Utley as speakers.

On Friday, teachers will meet in small discussion groups to consider subject matter or grade level materials, guidance, and educational philosophy and psychology. The final meeting of the convention on Friday will be a luncheon meeting. Sidney Harris, syndicated newspaper columnist from Chicago, will be the featured speaker. Arthur Wyma, teacher at Holland Christian High, will be introduced as the new president of the Midwest Christian Teachers' Association for the coming year.

Grand Haven Chest Drive Over the Top

GRAND HAVEN — The 1962 Tri-Cities Area Community Chest drive went over the top by more than \$2,000, it was announced at a "victory luncheon" at Win Schuler's restaurant Wednesday noon, and later Wednesday the headquarters announced that by Thursday night the total will reach \$75,000. The goal was \$71,890.

A tabulation late Wednesday by Executive Secretary O. H. Anderson showed that pledges so far amount to \$74,343.63, and a "cleanup" of late reports will put the drive well over the \$75,000 mark. This is the largest amount ever collected in a chest drive in the Grand Haven-Spring Lake area and is the first time the goal was exceeded within the month of October, traditional Community Chest drive month here many years.

Most of the divisions have exceeded their quotas, Anderson reported. The largest division is the industrial division, with John Walhout the chairman. Walhout is assistant drive chairman, Dr. David Siebold is drive chairman and Robert Gould is president of the chest.

Consider More Improvements Next Year for Ottawa Fair

Capital outlay improvements at the Ottawa County Fairgrounds amounted to \$12,645.89 this year and Fair officials are making plans for additional improvements next year.

Plans for the 1963 Ottawa County Fair have been started and the Fair board hopes for "bigger and better attractions."

A profit was noted on the fair of \$541.09. Receipts were listed at \$58,715.21 and the liabilities at \$58,174.12. A total of \$800 was paid on an earlier loan.

An audit of the past year showed that more than \$35,000 was spent in the Holland area on material, labor, goods and premiums in 1962.

Included in the improvements this year were the seven foot fence, track resurfacing in front of the grandstand and installation of neon lighted eighth and quarter pole markers. The track is the only track in Michigan to have

Disaster Plans Under Study By News Media

Relaying of vital information to Holland residents during any disaster will be closely coordinated through WJBL, WHTC and The Holland Evening Sentinel.

Tentative plans call for simultaneous broadcasts over both radio stations by one announcer. The broadcasts would originate from an underground emergency shelter. The shelter may be located in the Civic Center.

The shelter would also house Civil Defense headquarters and all basic emergency facilities for the operation of the community, if the plans are approved.

While the technical aspects of the hookup are being explored it would basically call for a line running from the shelter to one radio station. In turn another line would connect to the other radio station.

When the emergency shelter was activated representatives of WHTC, WJBL, The Holland Evening Sentinel, Civil Defense and other emergency personnel would report for duty.

One announcer would then begin broadcasting over both radio stations with instructions to the people.

A wire service news teletype would be installed in the shelter plus complete radio equipment covering all necessary emergency frequencies.

Representatives of both stations and the Sentinel were in complete agreement on the need for close cooperation during any disaster. The emergency setup could also be used in case of a tornado.

Attending this morning's meet were Civil Defense Director Hans Suzenaar, WJBL manager Doug Tjapkes, WHTC manager Sandy Meek, WHTC news director Paul Van Kolken and Sentinel city editor Al Bransdorfer.

Woodbine May Be Delayed In Removing Lake Buoys

Lt. Commander H. J. Fox of the U. S. Coast Guard Cutter Woodbine notified the Holland Chamber of Commerce today that the cutter is scheduled to visit Lake Macatawa the week of Nov. 12 to remove buoys.

It is possible the visit may be delayed since several Holland firms have ships entering the harbor after Nov. 12.

The Woodbine will remove buoys marking the shipping channel.

Boss Presented 4-H Club Award

EAST LANSING — Willis S. Boss, Ottawa County 4-H Club agent, is one of three Michigan 4-H club agents who received distinguished service awards from the Michigan 4-H Club Agents Association during the annual Extension conference held at Michigan State University Wednesday. Boss has served as 4-H Club Agent in Ottawa county for eight years and has worked closely with youth groups in the human growth and development of young people and in leadership training.

Also getting the distinguished service awards were James E. Lincoln of Flint and Marvin Epelheimer of Coldwater.

Mr. and Mrs. Boss and family reside at 129 Beeline Rd.

a white board fence completely around it.

An additional 48 feet of grandstand was added west of the grandstand for added capacity while the area south of the grandstand for the livestock exhibits and rest rooms was graded and gravel applied.

Rest rooms were enlarged to three times the original size with hot water and men's and women's shower rooms installed for the fair workers, exhibitors, 4-H and FFA use.

New septic tanks plus a large drain field were installed to handle the added rest room facilities. A rest room was also added in the No. 1 horse barn for year around use.

Several heaps of stumps, pushed back in the original clearing projects, were removed and 50 feet more of woods were cleared south of midway section.

The roadway around the race track leading to the west and north parking area was raised three feet and regraded. Two water tank trucks were secured this year for watering the track and grounds. One is a gravity sprinkler and the other was revamped to spray water under pressure.

Receiving the most comments from visitors this year at the Fair was the addition of 60 seven-foot benches donated by Holland merchants and organizations. The benches were placed around the grounds.

"We will always present a clean and wholesome fair differing from most fairs in some of their attractions and features," Manager Cliff Steketee said.

Fair board members feel this has been one of the main reasons for the Fair's success. "The ultimate aim of the fair is to have the finest grounds and buildings and features of any fair in the state," Steketee said.

Another first for the Ottawa Fair was the contracting of various fair work for Holland service clubs and the encouraging of church and civic organizations to join in the fair and raise funds for their projects.

President Gerald J. Van Wyke of the Holland Kiwanis Club reported the funds they derive from the manning of the entrance and selling tickets is used for the boys and girls work in the community and maintaining the Kiwanis Kamp.

George A. Lieverse, commander of the VFW Post 2144, said the fund earned at the fair in parking cars is used for hospital beds and equipment furnished free to Holland persons and as a mortgage reduction on the new VFW facility.

Secretary Andy Smeenge of the Noon Optimist reported the revenue they receive from selling and taking tickets at the grandstand helps in the "Boys Work Projects."

President Dorothy Matchinsky of the VFW Auxiliary said money made at the fair is used for cancer insurance for the 119 members plus flags for Boy Scout and other youth groups, essay contests and help for needy veterans and their families.

The Amvets Post No. 30 used the earnings solely for the benefit of the three Legion League baseball teams they sponsor. Mrs. Clarence Raak of the South Olive Christian School circle reported their entire profits were given to the Christian School society for debt retirement.

The young people of the North Holland C. E. Society, Gerrit Van Kampen sponsor, used their profits for an airplane ticket for a mentally retarded person, a trip for the C. E. group and one third to missions.

Dr. Larry Schmidt, in charge of the booth for the men's class of the First Methodist Church, said profits this year were donated to the church organ fund.

Township fire department groups and Boy Scout troops used their profits for help in local projects.

A group of young people from First Methodist Church went out Wednesday night to "Trick or Treat for UNICEF" in the Beechwood area. They collected \$67.68 to add to the total collected Tuesday night to make a grand total from the Holland area of \$1,447.51. A group from Central Park Reformed Church also went out Wednesday night to collect for UNICEF.

Holland regular police, reserve patrolmen and county law enforcement officers were kept busy through the early morning hours keeping some serious and some not-so-serious "midnight monkey-shines" by Halloween pranksters from getting out of hand.

On the serious side Holland High School principal Jay W. Formisano said that vandals had painted the lettering GH 63 in white paint against the west wall of the east unit Wednesday night shortly before 9 p.m. The lettering covered about a square yard and could be seen only from the center of the campus. Janitors had removed it by this morning.

Deputies received a complaint at 2:25 a.m. from Florence Mosher of 160 Douglas Ave. of a prank of malicious destruction when some youths thrust a six foot fence post through her front window, nearly striking her as she slept on the couch.

Holland Officials Study Disaster Plan for City

City, school and civil defense officials met Friday in City Hall to work out a detailed plan to be used in case of any attack on the United States.

The 17-man advisory committee has scheduled additional meetings for this week. Meeting Friday for four hours the group started to prepare a plan to cover each segment of the community.

All details of the plan will be made available in the near future. Officials said that basic survival plans for the individual family still remain the same and should be followed. Pamphlets describing the various survival plans are available from Civil Defense headquarters in the branch county building.

To insure that the same identical information is relayed to the public The Holland Evening Sentinel, WJBL, and WHTC are establishing a joint communications group with city and civil defense officials.

In this way the possibility of conflicting information which might be broadcast or printed will be eliminated.

Attending the meeting were Mayor Nelson Bosman, City Manager Herb Holt, Holland School Superintendent W. W. Scott, Christian School Superintendent Mark Vander Ark, Hospital Director Fred Burk, Board of Public Works Superintendent Guy Bell; Adven-

Cobb Named New Manager At Heinz Plant

Effective today, Wilbur C. Cobb will take over as factory manager of the local H. J. Heinz Co., succeeding C. B. McCormick who retired Wednesday after 46 years with the company, 19 of them as manager.

Announcement of the shift in executive leadership was made today by H. E. McKinley of Pittsburgh, Pa., Midwest regional manager of the large Heinz chain.

Cobb started work with Heinz in August, 1934, at Saginaw and then was transferred to Pittsburgh, serving as a foreman in the Pittsburgh factory. In 1943 he returned to Saginaw as factory foreman and was promoted in December 1946 and transferred to Holland as production manager.

Cobb has been active in civic affairs locally, serving on the board of directors of the Chamber of Commerce, chairman of the county March of Dimes campaign,

United Fund At \$5,088.59 In Zeeland

ZEELAND — After a week of solicitation, Zeeland United Fund stands at \$5,088.50 of its \$13,500 goal, according to Campaign Chairman Bruce De Pree.

Del Huisingh, retail division chairman, has collected \$1,550 or 62 per cent of his goal of \$2,500, and Industrial Chairman Sherwin Walters has raised \$2,888.50 or 53 per cent of its \$5,400 quota. The professional division under Julius Schipper has reached 23 per cent of its \$1,700 goal.

Next week 125 block workers will make a door-to-door canvass in the residential area. Experience has shown that some residents resent such calls because of previous gifts made at place of employment and other reasons, but De Pree said it is important to stop at all homes.

Some people complain there are too many drives, but De Pree pointed out the very reason Community Chest drives are held is to reduce the number of drives. As an example he cited the presence of the mobile trailer of the Hearing Association in Zeeland Tuesday with the staff giving free tests for the prevention and detection of deafness. This agency is allocated \$124 from the chest and makes no demands in a private drive among the people.

De Pree emphasized the contribution the chest volunteers are making for the total welfare of the community and suggested that residents at least can be courteous to the door bell ringers who receive nothing for their efforts except the satisfaction of helping the community.

Employment Cut In Grand Haven

GRAND HAVEN — Lay-offs at three of the larger plants in the Tri-Cities, 28 at Bastian-Blessing Co., 24 at Anderson-Bolling Co. and 39 at Oldberg Manufacturing Co., resulted in a decrease of 56 in employment in the Grand Haven-Spring Lake area in October, compared with September, the Committee for Economic Development office announced Wednesday. Other plants showing decreases in the month were Eagle-Ottawa Leather Co. and National Products Co., with 11 each.

Employment in the 52 industries reporting in October dropped from 4,390 in September to 4,334 in October, Al Reus, manager of the CED office, announced. Story and Clark Piano Co. reported an increase of 18 and Harbor Industries, Inc., and Michigan Plastic Products Co. each reported increases of 10 workers.

There were 3,038 males and 463 females employed in the 52 plants in October in the factories, for a total of 3,503, and 606 males and 225 females employed in the offices, for a total of 831.

Court Lifts Injunction On Federal

LANSING — The State Supreme Court Wednesday gave Holland city officials a green light to proceed with a Tuesday vote on the proposed annexation of Federal district to the city.

The high court ordered Ottawa County Circuit Judge Raymond L. Smith to vacate and set aside a temporary injunction he issued previously which had halted procedures toward the annexation vote.

In a brief ruling, which carried the promise of a full opinion at a later date, the court said "the validity of said election may be properly tested under the statutory remedy of quo warranto" after Nov. 6. Quo warranto is a procedure challenging "by what right" a person holds office or a ballot question is passed.

City officials had sought the high court to lift the injunction so the election could proceed as scheduled.

Smith denied he committed any errors in issuing an injunction which would prevent ballot placement on the Federal district question.

The Ottawa County judge issued an injunction earlier this month at the request of Charles Vande Water, Holland Township resident. Vande Water gained the injunction on contention that petitions for another ballot question, also involving Federal district, were filed before the Federal annexation requests and should have been given priority.

Smith's answer said he believed he was correct in applying the "rule of priority" to the sequence of the election and in issuing the injunction.

Probe Cause Of Several County Fires

Fires believed to be started by pranksters in the county Wednesday night and today are the object of continuing investigation by Ottawa County Sheriff's deputies.

An investigation is underway today concerning a possible Halloween prank which resulted in the total loss of a barn by fire on the property of John Zeef, 6640 48th Ave., Hudsonville, at 1:25 a.m.

The barn and its contents, consisting of 300 bales of hay, 200 bales of straw, a side rake, one mower, one hay loader, one three-section drag and other machinery were lost, according to sheriff's deputies.

Zeef's property is located on 48th Ave. north of Port Sheldon in Georgetown Township. Zeef, the owner, is an uncle of Zeef Zeef, desk deputy for the Ottawa County Sheriff's Department.

The Georgetown Township Fire Department answered the call.

Other area fires believed to be started by pranksters include one at Jamestown at 2:30 a.m. in which a barn on the Joe Leenear farm on Greenly Ave. was partially destroyed causing the loss of some tools and machinery and a quantity of hay.

The Jamestown Fire Department and the Hudsonville police answered the call.

In another fire the old Spoelman body shop in Jenison burned down Wednesday night.

Allegan Reports Hectic Halloween

ALLEGAN — One of the most hectic Halloweens in the history of Allegan County was reported today by Allegan County police. Several 18 and 19-year-old offenders were placed in the county jail Wednesday night. They were to appear before Municipal Judge Dwight Cheever today on several counts including throwing eggs at a home in Allegan and starting fires.

In Hamilton it was reported that between 50 and 70 teenagers descended on the village, and set fire to a huge pile of tires. The youths fled when firemen and police were called to put out the blaze.

Three Martin youths also were being held in jail for setting a huge fire in the middle of US-131, in Martin, one of the main thoroughfares. Three from Oshtemo were jailed for disorderly conduct.

Dutch Score 2nd Victory In History

MUSKEGON — For the second time in history, a Holland High football team defeated Muskegon as the fighting Dutch blanked the Big Reds, 13-0 before 4,300 fans Friday night in the mud in Hackley Stadium.

It marked Holland's fourth win in seven games this season and gave the Dutch a 3-2 LMCA mark and assured Holland of third place. It was the sixth loss in seven games for Muskegon and fourth straight in the LMCA.

Holland pounded home its first touchdown in the second quarter with 3:40 remaining and scored its second touchdown with 2:15 left in the game.

Tom Depuydt, senior fullback, romped 46 yards off tackle for the opening touchdown after junior quarterback Vern Plagenhoef had completed a 34-yard aerial to junior end Darrell Schuurman.

Holland had taken the ball on its own 20 following a Muskegon punt.

Schuurman was stopped short on his run for the extra point. Holland led at half, 6-0.

Depuydt made a one-hand interception of a Muskegon aerial on the Big Red's 40 to give Holland the ball for its late-game drive.

It took Holland eight plays and a 15-yard pass interference against Muskegon to score with Jim De Neff cracking the tackle for the final yard. Schuurman converted with 2:15 left to play.

Holland's defense was strong, especially in the third period when the Dutch didn't allow Muskegon past its own 35-yard line. The Big Reds had the ball only seven plays in the third period and lost nine yards.

Muskegon made another try late in the game but Depuydt stopped the drive with a pass interception that set up Holland's second touchdown. Of the 58 yards Muskegon made in the four quarter rushing, 34 was picked up in the closing seconds after Holland had scored its second tally.

The Big Reds had three drives in the first half but failed to score. The first drive started with the kickoff and climaxed on the Dutch 35 where Jim Hosta recovered Terry Karnitz' fumble.

The next time Muskegon got the ball they drove to the Dutch 11 where quarterback Bob Luhnman fumbled on fourth down and Holland took over. Both drives were in the first period when the Big Reds rushed for 49 yards.

Early in the second quarter Muskegon marched to the Dutch 21 but lost the ball on downs. The Big Reds made eight first downs in the first half but mustered only two the rest of the game.

Holland's blocking looked good as Depuydt and De Neff were sprung loose. Junior Ruiz and Hosta supplied the key blocks on Depuydt's touchdown run. Plagenhoef's touchdown run. Plagenhoef's touchdown run.

hoef did a good job of handing off despite the slippery football.

Holland lost the ball once on a fumble and that was at midfield in the first half and then the Dutch dug in for three downs and forced Muskegon to kick. The Dutch scored on the next series.

Picking up 256 yards, Holland made 200 rushing. The Dutch gained 110 yards in the first half and 90 in the second half. The Big Reds gained 72 of its rushing yards in the first half.

First year coach Jim Jebb duplicated the feat turned in by first year coach Bob Stupka in 1947 when Holland beat Muskegon, 13-7. The teams have met 25 times and Muskegon has 22 wins. The 1920 game was a 0-0 tie.

Holland travels to Ypsilanti next Friday night and closes the season Friday, Nov. 9 against Grand Rapids Central in Riverview Park.

Fennville quarterback Mel Souders injured his knee in the third quarter and was out the rest of the game. Coach Bob Afman reported Souders' loss bogged the Fennville attack in the second half and the Blackhawks couldn't get a scoring drive started.

Boy, 11, Suffers Critical Wound

Frank Cuevas, 11, of 352 East Fifth St., remained in critical but improving condition at Holland Hospital today after suffering a penetrating gunshot wound of the abdomen Saturday as he was playing with friends in the Kemper swamp area one block from the end of East Sixth St.

Holland police said a friend, Daniel Martinez, 11, of 341 East Fifth St., accidentally shot Cuevas while target practicing in the swamp.

The two and several other boys had gone to the swamp with an old rifle they said they found in the swamp two weeks ago.

After firing most of the shells Cuevas began throwing snowballs into a south pond while Martinez triggered the few remaining shells across the water in the opposite direction.

Cuevas crossed in front of Martinez a few seconds after he threw the snowball. At that instant Martinez fired again. The bullet struck Cuevas in the abdomen at point-blank range.

He stumbled forward a few feet and collapsed. An ambulance was summoned by other boys at the scene and Cuevas was rushed to the hospital.

The latter six will include one Board of Education member, a representative from Apple Ave. area, one from Montello Park and from the Lakeview neighborhood. The other two may be named by the board or by a group designated by the board.

Tulip Planting Begins After Weather Delay

The planting of 120,000 tulip bulbs from the Netherlands began Tuesday afternoon in Centennial Park some 30 days later than had been planned.

Jacob De Graaf, City Park Superintendent, said that the late start, due to the weather, would not mean a later blossoming of the tulips but that planting was easier accomplished early in the season. "Some years we've been out here as late as January scratching in the snow," De Graaf said, "and the tulips still come up for Tulip Time."

De Graaf said that the 120,000 bulbs, mostly of the Darwin species, would be distributed in Centennial Park, along Tulip Lane for three miles, and in 45 beds on 12th St. behind City Hall where 250 bulbs will go into each bed and each bed will be of a different variety.

Crews are working rapidly to get all the bulbs in while the weather remains good, De Graaf said.

The delicate bulbs are planted by hand in single rows in small pockets which are scratched out in the soil. Six inches of rich soil is then spread over the beds.

BE CAREFUL TONIGHT

The Jaycees are holding the annual party for the young and old who would like to use up some of their energy in the annual Halloween party. Already most people have had calls in the evening with the trick or treat greeting when you answer the door.

The Michigan State Safety Commission in Lansing furnishes the following information concerning the number of accidents that happened last year during the last ten days of October when 43 persons lost their lives in 38 fatal accidents. We ask that everyone be careful. The Safety Commission asked youngsters to refrain from one hazardous seasonal sport: soaping or waxing car and truck windows.

"With early dusk and frequently wet pavements in October, the driver's problem increases," the Safety Commission pointed out. "Soaping or otherwise marking up car windows makes visibility even more difficult to the peril of pedestrians, young and old."

The commission also pointed out that the anger and resentment felt by the Halloweened motorists, whose car has been the object of pranksters' wax and soap, increases the danger of accidents. "Kids should have fun during this traditional trick or treat holiday but they must learn to understand the possible fatal consequences of the thoughtless actions of the few who fail to respect the property, and life and limb of others," the Commission said.

We can enjoy the last day of October with good clean fun. Needless destruction of property is something that everyone can do without. We have received a guest editorial from the Kalamazoo Gazette. They have called the attention to people who cannot answer the door. They suggest a sign. This is a fine idea and one could be tried here in Holland and vicinity.

UNICEF Drive Gets \$1,379 In Holland Area

In the "Trick or Treat for UNICEF" drive in Holland Tuesday from 6 to 8 p.m., 250 young people collected \$1,379.83. The money will be sent to the U. S. committee for UNICEF in the United Nations for distribution.

It now has 14 churches enrolled. The late Rev. J. A. Veldman was instrumental in the success of the drive and had organized it this year.

Central Park Reformed Church will have its UNICEF drive in that area tonight. Following the collections Tuesday night, the young people returned to Third Reformed Church for cider and doughnuts. Clarence Klaassen counted the money and reported to the co-chairmen, Mrs. A. J. Keane and Mrs. Ervin Reorda.

The Bible
2 Timothy 3:14-17;
2 Peter, 1:16-21.
By C. P. Dame

A class can study this lesson in at least two ways. It can consider the Bible from several angles and look at its contents and problems or it can study the two passages of the Bible which form the lesson text. My preference is the latter.

I. The Bible is a God-inspired book. The first part of the lesson text is from Paul's second epistle to Timothy, his spiritual son and fellow worker. Paul told Timothy to continue "in the things which thou hast learned and hast been assured of knowing of whom thou hast learned them."

Timothy's three teachers, his mother Eunice, his grandmother Lois and Paul had taught him the holy scriptures. His father, a pagan, failed in this respect. Paul's good counsel is apt for our day. Not all young people stick to the truths devout parents and teachers taught them.

Why teach the Bible to children and young people? Because this book makes them "wise unto salvation through faith which is in Christ Jesus." "No one can do that better than parents who have gained salvation. Highly privileged are children who are taught the way of salvation from the Bible.

The Bible is "given by inspiration of God," it is a God-breathed Book. The men who wrote the Bible were inspired by the Holy Spirit. The Bible reveals a dual authorship. The human element is revealed by the words, "Men spoke."

The writers all differed in style and method but they were all moved by the Holy Spirit. This is the divine element and accounts for the unity of the sixty-six books. In this strange book there is unity in diversity. Jesus Christ is the central subject of the whole Book.

The Book is "profitable for doctrine, for reproof, for correction, for instruction in righteousness." This Book teaches truths, refutes error, reforms manners and disciplines so that God's people may be ready for Christian service.

The more people know the Bible and are gripped by its teaching, the more useful they can be.

II. The Bible is a most trustworthy book. The second part of the lesson text is from Peter whose words, "For we have not followed cunningly devised fables" sound forth certainty and conviction. Have you ever noted how sure the New Testament writers were about the truths they wrote?

In this lesson Peter cites the Transfiguration when he heard God's voice and also the Old Testament prophecy which all the apostles accepted as the word of God.

The Jewish nation was given the Old Testament. The Christian Church received the Old Testament from the Jewish Church. God moved men to write the New Testament which tells us about Jesus and how to live the Christian life.

It is excellent indeed to have a Bible in the home. But that is not enough. The Bible must be read under the guidance of the Holy Spirit and in the fellowship of the Christian Church and the Christian home and then practiced in the world.

There are many un-read Bibles in homes and many people who have a Bible, who fail to apply its principles in daily life. May the study of this lesson increase the reading of the Bible.

If people say that we do not understand the old translations, they can be told about the several new translations in modern English which makes the Bible more understandable. Read it - and then live it - which is a hard job.

225 Early Risers Greet Romney in Grand Haven

GRAND HAVEN — "The greatest need in government today is greater citizen participation and less partisanship," George Romney, Republican candidate for governor of Michigan, told 225 early rising Republican volunteers at breakfast at 7 a.m. Tuesday in Hotel Schuler.

"Today we are rebuilding the Republican party on a firm foundation of citizen participation, and 60,000 independents and Democrats have joined us in this crusade. The saddest commentary on self-government is the reluctance of responsible citizens to participate because they feel it is a dirty business involving unethical conduct which would not be countenanced in business, the church or any other organization."

"We must resell Michigan to the nation. Seventeen years ago our state led all others in the nation as the arsenal of freedom in meeting the needs of World War II. We have lost that enviable position through division and lack of leadership. To regain it, we must lift political action to a new level, deal objectively with the problems of the people, create greater citizenship participation, and rebuild our prestige."

"In providing 130,000 new jobs every year up to 1970, we must treat employees as fairly as our labor unions, no more and no less. The tools of leadership are

vested in the governor's office and it is the responsibility of this office to answer to the people," Romney said.

Romney also introduced Norman O. Stockmeyer, candidate for secretary of state and Glenn S. Allen Jr., candidate for state treasurer. In the absence of attorney general candidate Robert J. Danhof, Romney introduced Danhof's mother, Mrs. N. J. Danhof of Zeeland. Romney plumped for the need of a competent team "and not have the opposition call the plays in the backfield."

Cong. Gerald R. Ford Jr. told the assembled crowd which came from all parts of Ottawa county that he and many others were "sick and tired" of explaining Michigan's waning prestige while traveling outside the state. "Michigan has become the target for barbs and ridicule the last few years, and the people can do something about it Nov. 6," he said.

Ed Ellis, county GOP chairman, presided and the Rev. George Timberlake gave the invocation. Romney gave the Grand Haven area in their blue outfits added a note of color for the gathering.

Romney, who earlier had been greeting workers at plant gates, arrived promptly at 7:01 a.m., shook hands with everybody on the premises, delivered his talk and departed at 7:45 a.m. for a similar gathering for Kent county volunteers in Grand Rapids.

Dutch Drop 23-22 Game For 5th Loss

ADRIAN—Scoring twice in the fourth quarter and overcoming a 22-9 third period lead, Adrian College's football team nipped Hope, 23-22 here Saturday before 2,000 fans in Maple Stadium.

It was Hope's third straight MIAA setback this season and eighth straight over the past two years. The Flying Dutchmen have a 2-5 season's mark while Adrian is 3-3 and 3-1 in the league.

Don Mitchell, Hope senior quarterback, again carried the Hope offensive load as he threw three touchdown passes and two points after a touchdown.

A strong wind was a big factor in the game and Adrian had the wind at its back in the fourth quarter and scored twice with the help of 81 yards in the passing. Adrian hadn't completed a pass in the third period and gained 42 yards passing in the first half.

Throwing a series of short passes the Bulldogs made completions of six, two, nine, 15, 13, 12, 11 and 13 yards in the fourth period. Dennis Lake caught four of the aeriels. Quarterback Tim Davies completed eight of 13 in the fourth period.

While the passes set up the touchdowns, both scores came on runs. Davies, with the ball on the Hope five, ran to the three and lateraled to Dick Manders who scored with 10:09 left.

Jim Du Mont converted and Adrian trailed 22-16. With 5:52 left, junior Davis ran four yards for the tying touchdown and Du Mont converted to put the Bulldogs one point ahead.

Hope succeeded in moving down to the Adrian 20 with about a minute and a half to go but on a pass play Mitchell was hit on his "blind" side by guard Howard Osterling for a 16-yard loss and the rally was stymied.

Working with the wind in the third quarter, the Flying Dutch men scored twice after trailing 9-8 at half. Mitchell threw a 15-yard pass to Bill Keur and Keur ran for the extra two points. This tally score with 9:53 left in the period.

In the final three seconds, Mitchell hit freshman end Bill Hultgren on a 33-yard aerial to put Hope in front 22-9. On the extra point try Mitchell completed his pass to Jon Schoon but the play was called back when Mitchell stepped over the scrimmage line before passing. His second try was an incomplete pass.

Hope scored first. Kurt Van Genderen recovered an Adrian fumble on the kickoff and three plays later Hope scored.

Mitchell passed 16 yards to Hultgren for the score and then threw to Schoon for the two points with 11:58 left in the quarter.

Dave Bachman of Adrian blocked Bob Schantz' punt in the second quarter and Jim Wilkin picked up the ball and ran 20 yards to score. The extra point failed.

With five seconds left in the half, DuMont kicked his first field goal of the season, a 27-yard boot and gave Adrian a 9-8 half-time lead.

Schantz' first punt was 61 yards but the wind held back his other three punts. The strong wind also prevented any long passes. Hultgren snagged four for 58 yards and Schoon caught three for 70 yards. Schoon, 10th in the nation among small college receivers, has caught 22 passes for 424 yards.

Mitchell completed 11 of 18 passes for 163 yards. Playing in the last four games, Mitchell has

Supervisors Boost Salaries In Allegan

ALLEGAN—Allegan county supervisors Thursday approved a five times amended salaries committee report which granted a general increase of approximately three per cent to county officers and staff members, effective Jan. 1.

The original recommendations of the committee were tabled to provide time to set up a supplementary schedule of starting and maximum salaries for various job classifications.

Another amendment increased mileage allotments from 7 to 10 cents per mile.

Other amendments approved by the board restored a cut in the salary of the health department office manager, increased the pay of the drain commissioner to \$4,000 a year, the county clerk to \$6,000 and the deputy county clerk to \$4,600.

The board adjourned until Monday to give the finance committee an opportunity to adjust its proposed budget in line with the new salaries schedule.

Chairman Wayne Steeby appointed Stanley Sharp, Ganges; Bernard Miller of Monterey; Harold Fox, Wayland, and Joe Armstrong of Allegan, to a special parks study committee to make recommendations for improvements to Allegan's three county parks and long range plans for expansion of the system to meet the needs of an expanding tourist business in the county.

Steeby also named Miller, Francis Cronen, of Otsego, and Grover Grigsby, of Trowbridge, to serve on the newly constituted county dog committee. Effective Jan. 1, this committee will direct the dog warden's department, until now a function of the sheriff's department.

The board approved a motion authorizing the county clerk to make arrangements for an actuarial survey to determine the cost to the county of bringing officers and employees under the Michigan Municipal Employees Retirement System, countermending a recommendation by the finance committee which would have allowed employees to pay for the survey themselves. Cost of the work has been estimated at \$240.

Literary Club Plans Political Meeting Tuesday

A meeting of election issues is scheduled at 2 p.m. Tuesday for the Woman's Literary Club, planned by the Current Affairs group, of the club.

This will be a public meeting with men as well as women invited. It is scheduled in the tea room of the club but if attendance is greater than anticipated it will be moved to the main floor.

Appearing on a panel will be Dr. Bruce M. Raymond and Mrs. A. Hubbell Loomis for the Republicans and Alvin Vanderbush and Ralph E. Richman for the Democrats. Mrs. Otto Schaap, chairman of the Current Affairs group, will serve as moderator.

Rather than emphasize personalities on the various levels of political activity, it is expected there will be some information on origin and background of major political parties and woman's place in the political picture today.

The Cuban crisis the past week likely will have an effect on political thinking of the panel, as well as questions from the audience.

Dr. Raymond, formerly professor of history and political science at Hope college as well as business manager of the college, is executive vice president of Raymac of Holland and Birmingham, an agency for bank advertising and promotion. Vanderbush joined the Hope College faculty 17 years ago and currently is associate professor of political science.

Richman, who is associated with a local insurance agency, came to Holland in 1955 from Indianapolis. He currently is Democratic candidate for state representative.

He also is Michigan director of the Office of Emergency Planning and has been busy the past week in the Cuban crisis.

Mrs. Loomis who moved to Waukazo a few years ago from Grand Rapids has been active in Republican circles for many years. She formerly was a newspaper reporter and columnist in Grand Rapids and currently is in advertising.

Also invited to Tuesday's meeting are the Holland chapter of the American Association of University Women and the Assembly of Women's Organizations in Holland.

Mrs. W. F. Young and Mrs. A. C. Yost will greet the guests.

785 Turkeys Are Killed by Dogs

Ottawa County Sheriff's deputies said they are continuing an investigation today of the destruction of 785 turkeys by dogs at the Sandy Ridge Turkey farm of Zeeland on New Holland Rd. and 96th Ave., sometime Friday night.

The slaughter was reported by owners John Vanden Huelvel and Mick Zuverink who said that each bird weighed about eight pounds and was valued at about \$1.50 a bird.

The approximate loss of \$1,175 may be partially reimbursed at the end of the year out of county dog license fees, sheriff's deputies said. They said that a Justice of the Peace must be taken to the scene to definitely establish that the birds were killed by dogs before the reimbursement becomes possible.

Damage was estimated at more than \$1,000. This was the second time the boat has been damaged. Previously the tires had been slashed.

With the report of the vandalism, Holland police repeated their warning against destroying property. They made a special warning because of the expected number of pranksters at Halloween each year.

Lyle Hop is secretary-treasurer and Fritz Kliphuis was named race secretary while Danny Gebben is publicity officer and James Lokers of Zeeland is race transportation officer.

The group will hold its next meeting Nov. 29. Persons wishing to race pigeons are invited to contact De Jonge and attend the November meeting.

World Community Day Set Nov. 2 at Calvary

A world-wide effort to deepen the channels of peace will be begun by church women across the land on World Community Day.

Believing that much more can be done to assure that peace will prevail, Protestant and Orthodox church women in the United States are now preparing for their annual observance of World Community Day, on Friday, Nov. 2.

United Church Women of Holland have announced plans for the local observance. Mrs. Dale Van Eck, chairman, has issued an invitation for all interested persons to attend the World Community Day observance which this year has the theme, "Deepen the Channels to Peace."

On Nov. 2, United Church Women of Holland will meet in Calvary Reformed Church to take part in the nation-wide observance. The days program will begin at 11 a.m. with the annual business meeting to be conducted by Mrs. James K. Ward, vice president.

At 12:30 there will be a sacrificial luncheon held in the Fellowship Hall. The worship service will begin at 2 p.m. with Mrs. Jack Hill, missionary to the Philippines as the main speaker.

Mrs. Hill, the former Joann Veenschoten, attended Holland High School and Wayne University. In 1947 she and her husband, Dr. Jack Hill, were appointed to China as medical and evangelistic missionaries. They transferred to the Philippines in 1952. They are on leave at present for further study.

Mrs. Van Eck reported that one of the "channels to peace" already being used by the women is in providing material aid to the needy around the world. Sewing kits are being prepared for women in Southeast Asia.

The church women are also working on sarongs and blouses for the women and Eastern style clothes for the youngsters. Piece goods, boy's cotton shirts and shorts are also being collected.

These supplies will be sent to an area of the world where people are revolting against the condition under which they live and where materials and supplies are in great need.

The aim of the program is to block, by peaceful means, the growing Communist influence and build countries politically and economically strong enough to maintain their independence.

The offering received on World Community Day this year will make possible a new women's project in Indonesia. Channeled through Church World Service to the Interchurch Aid Committee of the Council of Churches in Indonesia, these funds will help complete a center for nurses and provide training for village health workers at the "Mardi Santosa" Hospital in Surabaya, Java.

This hospital in the capital on the largest island has long been training nurses for all the Protestant churches in Eastern Indonesia. Mothers also receive instruction there in proper health care and nutrition and improved community conditions.

The World Community Day offering will also help to continue the pioneering work in nutrition in the crowded areas around Santiago de Chile.

Support will be continued for a social education program for the women living in the shanty towns around Rio de Janeiro. This was started last year with help from United Church Women through the Social Service of the Confederation Evangelical Churches in Brazil.

Other plans include expanding United Church Women's program of international education and action and its work at the United Nations.

World Community Day has been observed on the first Friday in November each year since the early 1940's.

The committee and churches represented for this year's program are: Mrs. Dale Van Eck, chairman, Calvary Reformed; Mrs. Norman Japung, Christ Memorial; Mrs. Clifford Plakke, Beechwood; Mrs. Ben Lemmen, Bethel; Mrs. Vernon Van Lente, Central Park; Mrs. Henry Jager, Ebenezer; Mrs. Edith Walvoord, First;

Mrs. Clifford Hopkins, Hope; Mrs. John Kruid, First Methodist; Mrs. D. Diepenhorst, Rose Park; Mrs. Bliss Vander Heuvel, Sixth; Mrs. Jack Leenhouts, Third; Mrs. James Hoeksema, Trinity; Mrs. Paul Kline, First Presbyterian.

Mrs. Walter Scott is President of the Holland Area Council of Church Women.

FAMILIAR SIGHT?—Early winter in Holland produced some effects other than shoveling walks or sanding streets. Here, two hardy souls probe the innards of a balky engine, the sort of thing women drivers solve by either calling their husbands or the garage. Another three inches of snow fell since 5 p.m. Thursday, and the street department put on a full crew of plows and sanders for all paved streets. Moderating temperatures today thawed slick streets which were hazardous Thursday night.

Hudsonville Wins, 13-0; 6th Victory

GRAND RAPIDS — Hudsonville's football team stopped Grand Rapids Kentwood, 13-0 in the mud here Friday night for its sixth win in seven starts this season and fifth in six OK League games.

With four minutes remaining in the first quarter Hudsonville scored on a 20-yard pass play from Bob Nynhuis to Larry Waite. The pass climaxed a 39-yard drive. Keith Abel ran the extra point.

Abel scored on a nine-yard run with four seconds remaining in the third quarter for Hudsonville's second tally. The extra point failed.

Hudsonville had several chances to score additional touchdowns but the Eagles bogged inside the Kentwood 15-yard-line several times. "We probably spent 10 minutes inside the 15-yard-line but we fumbled a couple times and lost the ball a couple times," Coach Dave Kemper said.

Kentwood made only three first downs in the game and got across the 50-yard line only once as Hudsonville was strong on defense.

"But our offense was poor," Kemper said. "We have no excuses. It was a frustrating experience not being able to score more," Kemper added, "but we did move the ball with pretty good consistency."

Jim Walma, defensive linebacker, led the winners with 19 tackles and stood out on defense along with sophomore tackle Herschel Duggins.

Hudsonville has second place clinched in the OK League. The Eagles play at Kelloggsville next Friday in an OK League game.

Mrs. Beulah Dunwoody conducted devotions on the subject of the art of giving.

Holland Man Cited

GRAND HAVEN — Stanislaw Maciak, 32, 163 East Ninth St., Holland, was cited for failure to keep an assured clear distance following a two-car mishap on U.S. 31, within the city limits at 9:12 p.m. Thursday, according to city police. Maciak's car collided into the rear of one driven by Edward Homik, 31, 9190 Lake Shore Dr., route 1, West Olive.

Classic ballet, the type that Holland audiences seem to enjoy the most, proved to be a real treat and an excellent opener for the 1962-63 season of Holland Community Concerts in Civic Center Thursday night.

Appearing were the international dance team, Nora Kovach and Istvan Robovsky, assisted by the talented dancers, Marilyn d'Honau and Martin Scheepers, and a competent accompanist, Howard Barr.

Making their second appearance in Holland in seven years, the Hungarian team displayed a spectacular Bolshoi technique with lyrical line and beauty, resulting in an exciting yet flowing performance. Escapes from the Iron Curtain by dint of a subway ride from East Berlin to West Berlin in 1953, Kovach and Robovsky displayed top talent in ballets to the music of Frederic Chopin, Johann Strauss, Richard Wagner and Peter Tchaikovsky.

Assisting artists, Miss d'Honau, an American trained dancer, and Martin Scheepers, Amsterdam-born leading dancer of the Royal Dutch Ballet, displayed pleasing technique in their performances, both solo and duo. Scheepers has been in this country 2½ years.

Pianist Howard Barr, besides providing all accompaniment for the tenetful dance performances, also appeared in two solo spots, first playing the novel Prelude and Nocturne (for left hand) by Alexander Scriabin, and later five preludes by Chopin.

Thursday's attendance was smaller than expected, due undoubtedly to unseasonal early winter weather. There were many children present, many of them ballet students, and a good share visited the dancers backstage after the performance which lasted just an hour and a half.

The dance team performed in Adrian Wednesday night and will appear in Royal Oak Saturday night. From there they will go to the state of Virginia for several appearances.

Thursday's audience showed commendable tact in crowd behavior, latecomers entering the auditorium at stated intervals. In general, it was an enthusiastic audience and very few left before final curtain calls.

The next Community Concert will be Nov. 9 when the Golden Curtain Quartet of the Metropolitan Opera Co. will appear.

Know Your Candidates

Following are thumbnail sketches of candidates seeking office in the Nov. 6 election.

Congressman-at-Large

Alvin M. Bentley, 44, Owosso Republican, was graduated from the University of Michigan in 1940 and took graduate work at Turner Diplomatic School in Washington to qualify as one of 30 in 600 for the U.S. Diplomatic Corps, serving in several posts at home and abroad. He left the diplomatic corps in 1950 to return to Owosso to write news columns, give radio talks and address public meetings on the menace of Communism. He was elected U.S. Representative from the 8th district in 1952 and served four consecutive terms. In 1954 he was the most seriously wounded of five Congressmen shot by Puerto Rican National fanatics in a fantastic attack in the House chambers. He was a delegate to the Michigan Constitutional Convention and served as chairman of the education committee. He is married and has a son.

Neil Staebler, 57, Democrat of Ann Arbor, was graduated from the University of Michigan in 1926 and is engaged in the building business of Staebler and Son, home builders, in Ann Arbor. He is married and has three children. He has held many positions in the Democratic party and is a member of the Democratic National Committee. Leaders are reminded to send in their special news reports to their local newspapers as soon after meetings as you can. These special news release forms are available at our office. If you request them, we will send you a supply. This is a way of getting your local 4-H news in front of the people.

We want to remind members who received applications for Junior Leadership School or the Chicago Trip award to fill them out and mail them to the 4-H Office at the Courthouse in Grand Haven as soon as possible. We hope they will all be in by Nov. 1 so that we may select the delegates to represent Ottawa County in these two important events.

This article should have appeared in last week's news column. However, we failed to remember that hunting season would open on Oct. 20. I still wish to list the "Ten Commandments of Gun Safety" and hope you will read and heed them. 1. Treat every gun as if it were loaded at all times. 2. Carry only empty guns into your automobile, camp and home. 3. Always be sure

that the barrel and action are clear of obstructions. 4. Always carry your gun so that you can control the direction of the muzzle, even if you stumble.

5. Be sure of your target before you pull the trigger. 6. Never point a gun at anything you do not want to shoot; avoid all horse-play while handling a gun. 7. Unattended guns should be unloaded. 8. Never climb a tree or fence, or jump a ditch with a loaded gun. 9. Never shoot at a flat, hard surface or the surface of water. 10. Avoid alcoholic drinks before or during shooting.

A report from the National 4-H sub-committee to be put into effect in the year 1963 is a request that all 4-H members' maximum age be reduced from 21 to 19. In order to be a 4-H Club member in 1963 you must not have passed your 19th birthday before Jan. 1 of 1963. The age limit from then on will be that you will not have passed your 19th birthday by Jan. 1 of the current year. This is to be adopted by the Ottawa County 4-H Clubs.

Dutch Secured Record 2nd Win of Season

MUSKEGON — Holland High's reserve football team won its second straight game here Friday with a 34-0 win over the Muskegon reserves in Hackley Stadium. The victory gives the Little Dutch a 2-4 season's mark. Holland scored in every quarter and Coaches Carl Selover and Don Piersma used the entire 35-man team in the game.

The Dutch scored on the first play of the game on a 60-yard pass play from quarterback Ben Phillips to halfback Parry Cornelissen. Cornelissen ran about 40 yards with the pass. The extra point was missed.

Rog Woltman scored twice in the game. His first tally came on a 50-yard gallop late in the first quarter. Cornelissen converted.

Al Holleman caught a five-yard Phillips pass in the second quarter for the third tally. Bill Deputyd ran the extra point and the Dutch led 20-0 at half.

Woltman scored his second touchdown on a 10-yard smash in the third quarter to climax a 50-yard drive. Cornelissen converted.

MEAT FOR WINTER — Tom Blackburn (center), Holland senior at Michigan Tech in Houghton and his two roommates, Bob Dechem (left) and Pete Hunt (right) shot these bears recently while hunting in Michigan's Upper Peninsula. They estimated they had some 200 pounds of bear meat for this winter.

Students Bag Two Bears

HOUGHTON — Tom Blackburn of Holland, Michigan Tech senior and two companions got 200 pounds of bear meat with six rifle shots on a recent successful hunting trip. The trio, including seniors Bob Dechem of Southfield and Pete Hunt of Boston, shot the bears in Alston, Mich., about nine miles west of Keweenaw Bay and 35 miles south of Houghton in Michigan's Upper Peninsula.

The bears were shot together in open country. They were hauled about 1,000 feet to the students' car.

Blackburn is studying civil engineering and the other youths are studying mechanical engineering. They room together in an apartment house in Houghton and pool their food supplies as they cook their own meals.

The students plan to eat the bear meat this winter and have it stored in a frozen food locker. The trio plans to hunt other game. Dechem is making his first rounds of the Houghton area woods this year. Blackburn downed an eight-point, 150-pound buck last November.

171 Timberlane Dr. Mrs. Burrows will be one of the hostesses of the November meeting of the Past Noble Grand Club at her new home.

MARK FALLOUT SHELTER—Ottawa County Civil Defense Director Hans Suzenaar assists Carlyle Casler, a project engineer from the U.S. Army Corps of Engineers, in putting up the first marker in Holland designating part of the Civic Center building as an adequately

protected area in which 70 persons could take cover in case of nuclear fallout. Fourteen other buildings in the county are being marked similarly with the bright reflective metal. There are 12 buildings in Holland marked in such a manner. (Sentinel photo)

Fallout Shelters Marked in City

The U. S. Army Corps of Engineers arrived in Holland Monday to begin their job of properly marking buildings which have been designated as adequate protection in case of fallout after a nuclear attack.

Hans Suzenaar, Civil Defense chief for Ottawa County, conferred in the morning with Carlyle Casler, project engineer in Holland to discuss the marking of buildings designated to be adequate by Federal specifications.

The two men released information concerning 15 buildings throughout the county which are judged to meet requirements for protection.

The men listed the following places and person capacity for Ottawa County: Grand Haven High School (SW wing), Grand Haven, 100 persons; U. S. Post Office, 70 Grand Haven; Holland Furnace Co., 90, Holland; Fifth Street Power Station, 330, Holland; Civic Center, 70, Holland; Holland Armory, 130, Holland; U. S. Post Office, 70, Holland; Temple Building, 325, Holland; First Methodist Church, 60, Holland; Hope College Durfee Hall, 185, Holland; H. J. Heinz Co., Building 15, 1,600, Holland; H. J. Heinz Co. Casler stressed that other places could be designated by the local Civil Defense director in case of emergency but that only those offering the best protection were being marked at present.

Panthers Win, 20-7; 2nd Victory

About 700 loyal fans braved the piercing cold weather to see West Ottawa romp easily over Wayland, 20-7 in the Panthers' Homecoming game Friday night.

Wayland's total offense could be summed up in just one picture play where they caught West Ottawa completely off guard. Terry Frank, sophomore end of Wayland, slipped unnoticed well behind the Panther secondary and George Blanco lofted a pass to him good for 63 yards and a second quarter touchdown. Frank ran for the extra point.

Except for this play, the stubborn Panther defense, led by the interior men on the line, Bob Groenwoud, Bob Rozeboom, and Dan Lepo, held the Wildcats to only one first down, 11 total yards rushing and eight yards passing. The losers were forced to punt seven times.

The Panthers in the meantime put on their best offensive effort of the season. George Donze ran 95 yards in 13 carries for 7.3 yards per carry. Louie De Vries 107 yards in 11 carries for 9.7 yards per carry, and Jim Corwin gained 65 yards in 15 carries for a 4.3 average. The Panthers moved for 16 first downs and only punted twice.

West Ottawa wasted no time in scoring as they moved the opening kickoff 60 yards to paydirt. Donze and De Vries alternated carrying the ball off tackle down to the third yard line and Jim Corwin scored on a plunge. Steve Piersma's kick was no good.

The Panthers tallied again the next time they had the ball as they were able to sustain a drive of 34 yards in 10 plays. With fourth down and long yardage on the 22-yard line, the Panthers tried a reverse instead of a pass and Donze broke away for the score. The extra point was successful on a pass from Piersma to Donze.

Neither team did much the rest of the second quarter and well into the third quarter. The Wildcats' punt was downed on the winners 47 midway in the third quarter. De Vries was given the ball around end and he turned the corner on a tremendous burst of speed and ran 33 yards unmolested for the Panthers' final tally. Piersma's kick was good.

The remainder of the game was a punting duel with the Panthers substituting freely and just attempting to protect their lead. West Ottawa did end the game on about the five-yard line as the second-unit backfield was attempting to score but time ran out.

The Wildcats could be proud of their defensive halfback, Jim Johnson. Johnson made numerous last-ditch tackles after the runners were past the line. Dave Vizithum of West Ottawa also played a strong defensive game.

The Panthers are now 2-5 over all for the season and finished 0-4 in the Grand Valley league. Wayland is now 2-4-1.

West Ottawa travels to Fennville next Friday to meet undefeated, but once-tied Fennville.

But pheasant season lasts only a few weeks, and he was determined to get a bird or two this season, east or no cast. Monday he hobbled out into the field, in back of the family home, accompanied by his mother, Mrs. Gilbert Elhart. When Mrs. Elhart, walking ahead, kicked up this cock pheasant, Melvin showed that weeks in a hospital bed hasn't made his aim rusty. (Sentinel photo)

Ottawa County Farm News

By Richard Machiele

Extension Agent, Agriculture

Again a reminder that all animals, dairy or beef, born after Jan. 1, 1963 must be officially vaccinated for brucellosis if they are to be sold for other than slaughter. We announced this once before in the column. All livestock people should be aware this is a law. When we compare figures of calves vaccinated in this county, we find we've had a steady increase in vaccinated animals. However, we are not vaccinating nearly as many calves as could be vaccinated. We would encourage anyone with calves between 4 and 8 months of age to contact your veterinarian and make arrangements for a vaccination program.

Strawberry growers will be interested in a new strawberry variety just released by Louisiana called "Dabreak." This variety produced 289 crates of berries per acre during the first half of the picking season, and a total of 632 crates per acre. This might be a variety to watch. A new summer apple variety has been released by the New Jersey Experiment Station called "Julypred." This variety ripens just after the Red Astracan variety and is a depend-

able annual bearer. The fruit is large, well colored when ripe and has better shipping qualities than any summer-grown apple to this point.

There has been a lot of argument of late on the value of "Haylage" (wilted grass silage). In tests conducted at Purdue University yearling beef steers in drylot were fed with Haylage plus supplement, plus either a full-feed or half-feed of shelled corn. Steers on full-feed corn gained 30 per cent faster than those on half feed corn and produced a gain at about 1 cent less per pound. No difference was noted in feeding value of haylage regardless of what type structure was used for storage.

A new bulletin just arrived at the office entitled "Michigan Fruit Production—Importance and Location." This is a good reference bulletin telling about all Michigan Grown fruits, and might be of value to some of our readers. This bulletin may be had upon request.

We were interested to see in a report from Iowa State University that caged layers are fading away. It was noted in a survey conducted by the university, that of 38 producers who returned questionnaires that only 11 still had birds in cages. Twenty had dropped out of the poultry business. From surveys conducted, it was found the

money spent for cages could not be recovered sufficiently, also mature handling was a real disadvantage, and the caged layers had 33 per cent greater labor requirements. The estimate in Iowa is that only 5 per cent of the poultrymen using cages in 1950 are still using them.
